Tips for entry

ENTER THE CORRECT CATEGORY

Please make sure that you enter the correct category. Some awards are designed specifically for insurers, asset managers, operations & fund administrators, and consultants.

ACKNOWLEDGE THE WORD COUNT

Each award has specific sections to be completed with assigned word counts. While entries can be shorter, the awards platform does not allow them to be longer so please choose your words wisely.

KEEP YOUR WRITING LIGHT AND LIVELY

We suggest that you avoid dense copy that may fail to capture the attention of the judges. Also, avoid using obscure acronyms or industry-specific jargon. Plus, remember to keep your responses anonymous. We cannot accept any entries which include reference to your organisation name to maintain anonymity and non-bias during the judging round.

CHECK SPELLING AND GRAMMAR

Grammatical errors and basic spelling mistakes can detract from the quality of your entry. To ensure that your entry is error-free, have a colleague review and proofread it. If they have trouble understanding a particular point, it's probable that the judges will encounter the same difficulty.

DON'T MISS THE DEADLINE

Please make a note of the submission deadlines. The judges can only assess the entries that have been submitted on time.
